Your agility.

Shaping the Future *of* Banking

*Helping financial services industry
with Digital Customer Engagement Solutions*

In10s

क्या आपकी लोन लेने की प्रक्रिया समय लेने वाली और महंगी है

Is your Loan Approval Process time-consuming, expensive, and tedious?

Are You Facing Challenges Providing Consistent Customer Experience as People, Process And Technology Work Independently?

Need a fast, easy, and effective system for onboarding the new age digital customers?

Managing many financial tasks is hard. And NBFCs in the absence of digital and flexible processes for customer dealings face more risks such as :

Important alerts and messages are either missed or not sent in real-time.

NBFCs would like to offer products that match what customers really want.

Expenses on maintaining a server, storage hardware, physical space, along with data security software licenses NBFCs would like to check credit-worthiness of various MSME/individual customers.

With no control in verification process, this prevents loans from closing on schedule.

It's time for Banks to automate their lending processes.

How Intense helps leading banks and other financial institutes

Customer data capture by integrating with various systems to initiate loan approval or rejection process.

Loan Approver can log in to the portal to view the document and check customer credit score by integrating with Credit Bureau System

NBFCs on the Spotlight

It is imperative for NBFCs to be digitally agile and sharpen their offerings in the natively digital age.

- We help you plan for technology upgrades without having to face any business pressures.
- Build next-generation systems and
- Deliver customized financial offerings.

Loan Approved

- **Reduce turnround time by 40% for loan application process through digital process.**
- **Reduce the cost of customer acquisition by up to 30% by leveraging digital IVR, chatbots, and other self-service channels.**
